

Procurement Proceedings Planned to be launched in 2024							
No.	Organizer of the Proceedings	Scope of Work	Detailed Description of the Scope of Work	Type of Purchase	Type of Proceedings	Planned Time of Publication	Contact
1.	PGE Baltica	Technical Advisor for Ports	Technical consultancy for the service port (Baltica-2, Baltica-3 and others) on a framework contract basis	Services	Non-public Proceedings	Q1 2024	zakupy.pgebaltica@gkpge.pl
2.	PGE Baltica	Contract Engineer - supervision of the design and construction of the O&M base in the Port of Ustka	Provision of investor supervision as Contract Engineer for the design and implementation of the O&M base at the Port of Ustka - Port O&M	Services	Public Proceedings	Q2 2024	zakupy.pgebaltica@gkpge.pl
3.	PGE Baltica	UXO consulting and preparation of risk mitigation strategies	Preparation of UXO certificates, analysis of geophysical data, preparation of risk mitigation strategies	Services	Public Proceedings	Q2 2024	zakupy.pgebaltica@gkpge.pl
4.	PGE Baltica	Conceptual design of the power evacuation of the offshore wind farm Baltica-1+	Basic design with system analysis for an offshore wind farm with power evacuation system	Services	Public Proceedings	Q2 2024	zakupy.pgebaltica@gkpge.pl
5.	PGE Baltica	Building inspections	Framework agreement for periodic building inspections	Services	Non-public Proceedings	Q2 2024	zakupy.pgebaltica@gkpge.pl
6.	PGE Baltica	Technical review of quays	Performing a technical inspection of wharves in the seaport of Ustka	Services	Non-public Proceedings	Q2 2024	zakupy.pgebaltica@gkpge.pl
7.	PGE Baltica	Preparation of the Project Information Sheet together with the application for the decision on environmental conditions and obtaining the decision on the scope of the environmental impact report for the OWF EWB7	Preparation of: - Project Information Sheet in Polish, English and other languages required by the office at the stage of administrative proceedings, - Application for the issuance of a decision on environmental conditions with attachments, which will be submitted to the authority responsible for issuing the decision, and obtaining a decision on the scope of the environmental impact report for the EWB7 offshore wind farm.	Services	Non-public Proceedings	Q2 2024	zakupy.pgebaltica@gkpge.pl
8.	PGE Baltica	Preparation of the Project Information Sheet together with the application for the decision on environmental conditions and obtaining the decision on the scope of the environmental impact report for the OWF EWB9	Preparation of: - Project Information Sheet in Polish, English and other languages required by the office at the stage of administrative proceedings, - Application for the issuance of a decision on environmental conditions with attachments, which will be submitted to the authority responsible for issuing the decision, and obtaining a decision on the scope of the environmental impact report for the EWB9 offshore wind farm.	Services	Non-public Proceedings	Q2 2024	zakupy.pgebaltica@gkpge.pl
9.	PGE Baltica	Design and construction of an O&M base in the Port of Ustka	Implementation of design and construction works for the realization of the O&M base in the Port of Ustka - Port O&M	Construction works	Public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
10.	PGE Baltica	Supervision of maritime works	Supervision during geophysical and geotechnical campaigns for the EWB1 and EWB1+ Projects	Services	Non-public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
11.	PGE Baltica	Preparation of Design Basis for certification and the SCA	Collection of input data and its interpretation for the design and planning of the investment in the form of Design Basis and start of the Site Conditions Assessment certification process	Services	Public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
12.	PGE Baltica	Reflectometric measurements of optical fibers	Transmission measurements of optical fibers in the 144J fiber-optic cable (PMT trunk line) provided by the Gdynia City Hall on the section near the Lubiatowo beach exit no. 38 - the Sea Port of Ustka west side. The survey is intended to determine the condition of the fibers and allow the selection of telecommunications equipment.	Services	Non-public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
13.	PGE Baltica	Maintenance works in the Sea Port of Ustka	Inventory of the condition of the site and buildings, as well as maintenance and repair works in the Sea Port in Ustka	Services	Non-public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
14.	PGE Baltica	Conceptual design of power evacuation of offshore wind farm Baltica-1++ (offshore wind farm Baltica 5)	Basic design with system analysis for an offshore wind farm including power evacuation system.	Services	Public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
15.	PGE Baltica	Conceptual design of the power evacuation of the offshore wind farm Baltica 7	Basic design with system analysis for an offshore wind farm including power evacuation system.	Services	Public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
16.	PGE Baltica	Conceptual design of the power evacuation of the offshore wind farm Baltica 9	Basic design with system analysis for an offshore wind farm including power evacuation system.	Services	Public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
17.	PGE Baltica	Measurements of wind, waves and currents	Conducting surveys of wind, wave and current measurements for EWB5	Services	Public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
18.	PGE Baltica	Measurements of wind, waves and currents	Conducting surveys of wind, wave and current measurements for EWB7	Services	Public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
19.	PGE Baltica	Measurements of wind, waves and currents	Conducting surveys of wind, wave and current measurements for EWB9	Services	Public Proceedings	Q3 2024	zakupy.pgebaltica@gkpge.pl
20.	PGE Baltica	Geotechnical studies for export cable route	Carrying out soundings and drilling along the export cable route	Services	Public Proceedings	Q4 2024	zakupy.pgebaltica@gkpge.pl
21.	PGE Baltica	Detailed geotechnical campaign	Carry out soundings and drilling for each OWF turbine location	Services	Public Proceedings	Q4 2024	zakupy.pgebaltica@gkpge.pl

22.	PGE Baltica	Selection of the certification body	Start of project certification process	Services	Public Proceedings	Q4 2024	zakupy.pgebaltica@gkpge.pl
23.	PGE Baltica	Preparation of Employer's Requirements for major purchasing scopes and preparation of contracting strategies	Preparation of documentation for major TIER1 procurement proceedings	Services	Public Proceedings	Q4 2024	zakupy.pgebaltica@gkpge.pl
24.	PGE Baltica	Performing geological surveys and resultant documentation for the scope of the onshore part of the power evacuation (cable bench area and onshore transformer station) for the Baltica-1+ OWF	Preparation of preparatory documentation, geological surveys, laboratory tests and resultant documentation for the scope of the onshore part of the power evacuation (cable bench area and onshore transformer station) for the Baltica-1+ OWF	Services	Non-public Proceedings	Q4 2024	zakupy.pgebaltica@gkpge.pl
25.	PGE Baltica	Performing geotechnical and geophysical surveys and resultant documentation for the scope of land-sea drilling for the offshore wind farm Baltica-1+	Preparation of preparatory documentation, geotechnical and geophysical surveys, laboratory tests and resultant documentation for the scope of land-sea drilling for the offshore wind farm Baltica-1+	Services	Public Proceedings	Q4 2024	zakupy.pgebaltica@gkpge.pl
26.	PGE Baltica	Baltica-1 offshore wind farm power evacuation FEED project	Execution of design documentation of power evacuation of the Baltica-1 OWF at the stage of the FEED project detailing the conceptual work / basic design.	Services	Public Proceedings	Q4 2024	zakupy.pgebaltica@gkpge.pl
27.	PGE Baltica	Technical consulting involving the performance of a technical analysis of the potential of selected areas eligible for Phase II support, together with the determination of input assumptions for economic analyses appropriate for the development of an auction strategy for 2025.	The scope of work of the technical/sectoral expert will include defining technical assumptions for offshore wind farms, which will form the basis for determining energy potential and input assumptions for economic analyses.	Services	Non-public Proceedings	Q4 2024	zakupy.pgebaltica@gkpge.pl
